Summary

Fresh graduate with hands-on experience in full-stack development through the Saudi Digital Academy Bootcamp in partnership with General Assembly. Experienced in building responsive, user-focused web applications and working collaboratively in software development environments. Registered member of the Saudi Council of Engineers (SCE) and McKinsey Forward Program alumna, recognized for leadership, adaptability, and effective planning. Driven by curiosity and continuous learning, with a focus on writing clean, maintainable code and solving real-world problems. Eager to contribute to an innovative tech team and grow as a software engineer.

Skills

- **Programming Languages:** Python, SQL, JavaScript, HTML, CSS.
- **Frameworks & Libraries:** Django, Django REST, React, React Router, Axios, JWT Authentication, Tailwind CSS.
- **Tools & Databases:** Git, GitHub, VS Code, Postman, Virtual Environment (VENV), PostgreSQL.
- **Soft Skills:** Attention to Detail, Teamwork & Collaboration, Adaptability, Problem-Solving, Curiosity & Continuous Learning.
- **Languages:** Arabic, English.

Experience

Cooperative Training (Intern) – Wajaaha Company **Jan 2025 – May 2025**

Contributed to daily digital operations, supporting workflow improvements and documentation updates. Collaborated with team members to streamline internal processes and enhance communication efficiency. Gained hands-on experience in real business environments and team collaboration.

Projects

Capstone Project – Reachly | Solo Full-Stack Project

Developed a personal growth web app using React (Vite), Tailwind CSS, and Axios, integrated with a Django REST Framework + PostgreSQL backend, secured with JWT Authentication. | ReadMe Frontend Backend

ACME Bank CLI Application | Solo Python Project

Built a terminal banking system in Python using OOP, data validation, CSV file handling for persistent storage, and an overdraft protection feature. | ReadMe GitHub Repo

Education

Software Engineering Bootcamp **Aug 2025 – Nov 2025**

SDA x GA - Completed a full-time immersive program of **480** training hours focused on software engineering fundamentals and full-stack development. The curriculum covered Python, Django REST Framework, React, and SQL through agile, project-based learning.

Bachelor of Computer Science **Aug 2020 – May 2025**

Al-Imam Mohammad Ibn Saud Islamic University – **GPA: 4.65 / 5.00 —** Second Class Honors

Certifications & Programs

Saudi Council of Engineers (SCE) **Dec 2025 - Dec 2028**

Registered member.

McKinsey Forward Program - McKinsey & Company **April 2025 - Jul 2025**

Global professional development program focused on leadership, collaboration, and problem-solving.

Python SQL Database Application Program - Tuwaiq Academy **11-15 May 2025**

A 10-hour training program focused on developing and managing SQL databases using Python.
